

國立高雄師範大學

National Kaohsiung Normal University

特殊教育學系聽力學與語言治療研究所碩士班 聽力學組開課系統表
Curriculum for the Master's Program of audiology in the Department of Special Education
109學年度入學生適用 Applicable to students enrolled Fall 2019 and later

必修 Required Courses	第一學年(Year 1)			第二學年(Year 2)		
	科目 Subject	學分 Credit		科目 Subject	學分 Credit	
		第一學期 Semester	第二學期 Semester		第一學期 Semester	第二學期 Semester
	言語科學研究 Studies in Speech Science	2		高等教育統計學研究 Studies in Advanced Educational Statistics	3	
	聽力科學研究 Studies in Hearing Science	2		論文 Thesis	3	3
	聽力學初階實習 Practicum in Audiology		2			
分組必修 Group Required Courses	科目 Subject		學分 Credit	科目 Subject		學分 Credit
	語音聲學研究 Studies in Speech Acoustics		2	前庭與平衡障礙評量 Assessment of Vestibular and Balance Disorders		2
	聽覺復健理論與實務 Theory and Practice in Audiological Rehabilitation		3	前庭復健 Vestibular Rehabilitation		1
	助聽器與聽覺輔具研究 Studies in Hearing Aid and Assistive Technology		3	電生理聽力學 Electrophysiological Audiology		3
選修 Elective Courses	科目 Subject		學分 Credit	科目 Subject		學分 Credit
	聽力學臨床基礎 Introduction to Clinical Audiology		2	音韻及共鳴異常研究 Studies in Phonological and Resonance Disorders		3
	聽力學進階實習（一） Advanced Practicum in Audiology (I)		2	兒童語言障礙研究 Studies in Child Language Disorders		3
	聽力學進階實習（二） Advanced Practicum in Audiology(II)		2	語音學研究 Studies in Phonetics		3
	研究方法與論文寫作(I) Studies in Research Methods and Thesis Writing(I)		2	語言發展研究 Studies in Language Development		2
	臨床溝通技巧訓練與研究 Clinical skills in Communicative Disorders		1	語調聽覺法研究 Studies in Verbo-Tonal Method		3
	噪音與聽力維護 Noise and Hearing Conservation		3	手語研究 Studies in Sign Language		3

聽覺中樞處理異常 Auditory Processing Disorder	3	聽覺障礙個案經營研究 Studies in Case Management for Hearing Impairment	3
聽覺障礙研究 Studies in Hearing Impairment	3	語音知覺研究 Studies in Speech Perception	3
嬰幼兒聽力學 Pediatric Audiology	2	輔助科技研究 Studies in Assistive Technology	3
老年聽力學 Geriatric Audiology	2	聽力發展研究 Studies in Hearing Development	3
醫學聽力學 Medical Audiology	2	平衡系統研究 Studies in Vestibular System	3
進階電生理聽力學 Advanced Electrophysiological Audiology	2	聽力障礙學 Hearing Disorder	3
聽力評量與診斷研究 Studies in Hearing Assessment and Diagnosis	3	教育聽力學 Educational Audiology	3
聽語神經生理 Neural Mechanisms of Speech and Hearing	3	特殊教育專業問題 Professional Issues in Special Education	3
噪音防治專題討論 Seminar in Hearing Conservation	1	聽障學生教育問題研究 Studies in Educational Issues for Hearing Impaired Students	3
聽力科學專題討論 Seminar in Hearing Science	1	數位訊號處理研究 Studies in Digital Signal Processing	2
聽覺輔具專題討論 Seminar in Assistive Listening Devices	1	生理聲學研究 Studies in Psychoacoustics	2
復健聽力學專題討論 Seminar in Rehabilitative Audiology	1	聽語儀器原理與操作 The Principle and Operation of Instrumentation in Speech and Hearing Science	3
電生理聽力學專題討論 Seminar in Electrophysiological Audiology	1	聽語英文 English for Audiology and Speech Therapy	2
行動研究 Action Research	3	英文閱讀指導 English Readings	2
論文寫作與評鑑 Thesis Writing and Evaluation	2	研究方法與論文寫作(II) Studies in Research Methods and Thesis Writing(II)	2
聽語專業倫理 Professional Ethics in Communicative Disorders	1		

備註 Remarks	1.畢業總學分最低為 37 學分（論文 6 學分另計）。必修 9 學分，組必修 14 學分、選修14 學分。 2.非本科系入學者應另加修 4 至 10 學分。 3.於畢業前須通過全民英檢(GEPT)中高級以上或相當程度之英語檢定，並繳交成績證明影印本。或由指導教授輔導至外系選修 2 至 6 學分英文課程且成績及格（申請者需提出於研究所就讀期間參加相關英文檢定之成績單影本。） 4.聽語英文得為英語檢定標準替代課程，如修該課程替代者，則該課不列入畢業學分計算。 5.選擇證照學程者須另外選修進階實習（一）（二）共 4 學分與「聽語專業倫理」（1學分）並完成至少 375 小時或半年集中實習。 6.未修習「聽力科學研究」、「聽力學臨床基礎或大學部聽力學」者，不得修習「聽力學初階實習」。 7.未修習「聽力學初階實習」者，不得修習「聽力學進階實習（一）」 1. The minimum credits for graduation are 37 credits (excluding 6 credits of master's thesis). There are 9 credits of compulsory courses for the Speech Therapy Program, and 17 credits of compulsory courses for the Master's program. 2. Those who were not graduated from the communication disorders or speech therapy related departments for undergraduate study are required to take an additional 4 to 10 credits. 3. Before graduation, students must pass an English test at least at the intermediate or advanced level of GEPT or an equivalent level, and a photocopy of the certificate of the test is required. There is an optional alternative is to enrolled several English courses (2 to 6 credits) suggested by the student's advisor and pass the courses 4. The course "English for Audiology and Speech Therapy"could be the alternative course for the requirement, but the credits could not be counted into the total credits for graduation. 5. To fulfill the requirement of National examination for audiologist, students should take an additional 4 credits of 'Advanced Practicum I and II', 1 credit of 'Professional Ethics in Communicative Disorders' and complete at least 375 hours (or six months) of off-campus practicum before graduation. 6. The prerequisite courses for "Practicum in Audiology" are "Studies in Hearing Science"and "Introduction to Clinical Audiology or Audiology" . 7. The prerequisite courses for "Advanced Practicum in Audiology (I)" is "Practicum in Audiology".
